ACTIVITY KIT

THE STORY

The Mallard family is in a bit of a rut. While dad Mack is content to keep his family safe paddling around their New England pond forever, mom Pam is eager to shake things up and show their kids—teen son Dax and duckling daughter Gwen—the whole wide world. After a migrating duck family alights on their pond with thrilling tales of far-flung places, Pam persuades Mack to embark on a family trip, via New York City, to tropical Jamaica.

As the Mallards make their way south for the winter, their well-laid plans quickly go awry. The experience will inspire them to expand their horizons, open themselves up to new friends and accomplish more than they ever thought possible, while teaching them more about each other—and themselves—than they ever imagined.

TIC-DUCK-TOE

With the help of a parent or guardian, cut out the tokens below. Choose which character you're going to be, and your opponent will be the other character. Taking turns, place one of your character tokens on an empty space on the board. The first player to place three of their character tokens in a row, whether it is horizontal, vertical or diagonal, has won! If neither player is able to get three in a row, the game ends in a tie!

POND MAZE

Can you help Gwen find her way to the center of the maze?

GWEN

The youngest and most adorable member of the Mallard family, Gwen is a duckling that is as impressionable as she is cute. Her sweetness and wide-eyed naivety occasionally land them in less-than-ideal situations, but also inspire her family to accomplish things they never thought possible.

CROSSWORD

By checking all the duck facts in this activity pack, help the Mallards work out the answers to all 8 questions!

MACK

Mack is the overly-cautious patriarch of the Mallard family. Harboring irrational fears of the outside world and insisting the family stay in the safe confines of their pond, his character and comfort zone are tested when he finally opens up to the prospect of adventure alongside his family.
